A MUST READ FOR COOPERMAN FANS if you like Howard Engel and Benny, this is essential read!. Let's just say that the fact that Howard actually were able to write this publication is actually remarkable and demonstrates he is indeed a get better at of the genre. The fact that it is an excellent book where I was totally hooked after 10 web pages and the manner in which the plot unfolds - just read it - it's an extraordinary accomplishment and I thank Howard for his courage. Just watch out for those nap instances; jbl had zero idea what had happened medically to Howard - thus don't browse the afterword by Oliver Sacks til AFTER..
