The Peacock Diaries (The Crypto-Capers)

THE ASSIGNMENT:In The Peacock Diaries, famous missing inventor, Percival Peacock, secretly leads the Crypto-Caper Team on a continuing experience in the search of the real identification of the Panther, the notorious villain in the series. Or will it be just more clues to decipher? Many obstacles are thrown to their path in finding Percival's key, but will the truth be what they anticipate? Then to Percival's mansion in the Lake District, filled with such horrors that the team must work together to get through them, but can they survive with mechanical poisonous spiders chasing them? He sends them to the bowels of London where in fact the background of Shakespeare consumes them. Solve the puzzles to find the truth in this interactive mystery series.
