Guardians of Hidden Traditions is a historical novel narrating the encounters of generation after era of crypto-Jews, beginning in Spain in the late 1300's and ending in New Mexico in the early 1800's. It tells the stories of mothers, daughters, and their families as they conceal from the Inquisition and migrate to new lands seeking independence and peace. Isabelle Medina-Sandoval draws from stories and analysis about her own family to produce this novel. The story is built around a genuine core of occasions, and she contains historically rich details about the lifestyles of the many schedules. The Rosa de Castilla and the many traditions are part of New Mexico and its people. Dr. The tradition and traditions portrayed in this work is actually part of our Land of Enchantment. The task provides a deep feeling of belonging for a group that survived in the hearts and minds of individuals with deep faith in something omnipotent. John Mondragon, Professor, University of New Mexico Medina Sandoval has woven into this function the beautiful story of our ancestors. "Guardians of Hidden Traditions is a fascinating and moving story of a individuals who held on to deep traditions and lifestyle through tremendous trials and tribulation." --Dr. This work is something that we as a people have to pass on to your young people inside our educational systems.
