ICO and The Shadow of the Colossus

continue reading

That is a two-part action adventure game while it began with Japan, adopting that unique Japanese minimalist style. The storyline focuses on a young man called Wander who enters a forbidden property. ICO premiered in 2005 in Asia and North America to wide acclaim, and The Shadow of the Colossus (the follow-up) is considered the spiritual successor. Cited mainly because an influential title in the gaming industry, they are regarded as important works because of the minimalist landscape designs, immersive gameplay, and emotional journey. This reserve is extremely anticipated, as the game includes a cult following globally.
