If you've ever wondered what this Christian stuff is all about - then this book is for you. With short chapters that can be read in a minute, followed by some thought provoking questions, Christian Stuff is ideally read together with a few people, where one can discuss everyone's perspective on the topic. If you are attempting to find out more about the Christian faith, then in six basic chapters you can get a basis to start your journey with. This book is an ideal resource to help you find out about The Bible, Creation, Separation, Jesus, The Holy Spirit and the Church.
