HUMANITY EVOLVES AT THE SPEED OF JUSTICE. The more concentrated the power, the slower the justice. These assaults on democracy and human being liberty are only feasible when politicians and companies are given the energy to violate our human being to privacy. The quickness of justice is usually dictated by those who have the most monetary and political power in a society. This is a publication about justice and the technology, systems, and public policies that are necessary to accomplish justice. Democracy cannot exist without safeguarding the human to personal privacy because politicians and the companies that finance their political campaigns inevitably use their prosperity and capacity to spy, manipulate, and sabotage their political opponents. By that measure, the quickness of justice in many countries on Earth today is excruciatingly gradual. In fact, it's; All the complications discussed throughout this book are only possible when gigantic corporations and governments collude against the very best interests of their citizens. it's; This is actually the essence of damaged capitalism and broken democracy on Earth today. Personal privacy IS A SIMPLE HUMAN RIGHT. All individual rights depend on the right to privacy. Certainly, justice can only exist when financial and political systems make outcomes that maximize health, wealth and political freedom for the biggest number of human beings. Humanity's technology can be evolving at an exponential rate, but our laws and regulations and cultural norms evolve at the velocity of justice.0000001% of Earth's population, is it any surprise that economic and political systems worldwide are imploding, humanitarian crises are exploding, and 80% of the global people lives in poverty? THE ESSENCE OF A BROKEN Program. With such enormous financial and political power concentrated in the hands of less than 0.01% of Earth's corporations and less than 0. Gini protects your right to personal privacy. Is usually this the free market that we learn about in college Economics textbooks and on mainstream economic news applications?s not merely slow;s accelerating backwards. Gini provides solutions. All publication proceeds go to the nonprofit Gini Foundation. Visit [GiniFoundation.org](http://GiniFoundation.org) to find out more.
