Money Without Boundaries: How Blockchain Will Create a New Global Currency

[continue reading](#)

Cash Without Boundaries is a theoretical primer on blockchain. Mainly influenced by The Denationalization of Cash by Fredrich Hayek, the ideological foundation of Cash Without Boundaries is also inspired by economists and believed leaders like Milton Friedman and Irving Fisher. full-faith and credit" Anderson starts with a history of cash, before talking about the rise of cryptocurrency. Compared with other currencies, blockchain-managed money markets are more simple and transparent.. Writer Thomas J. It really is easier to monitor, understand and measure the quality of their " Money Without Boundaries displays how not only cash, but also the process of borrowing and lending, will evolve to become conducted in a 100% trusted, secure, transparent, open up architecture environment.
