This work has been selected by scholars as being culturally important, and is area of the knowledge base of civilization as we realize it. This work was reproduced from the initial artifact, and continues to be as true to the initial work as possible. As a result, you will see the original copyright references, library stamps (as most of these functions have already been housed in our most important libraries around the world), and other notations in the work.

Within america, you may freely duplicate and distribute this function, as no entity (specific or corporate) has a copyright on your body of the work. This work is in the public domain in the usa of America, and possibly other nations. We enjoy your support of the preservation process, and many thanks for being a significant part of keeping this understanding alive and relevant.

Scholars believe, and we concur, that work is essential enough to end up being preserved, reproduced, and made generally available to the public. As a reproduction of a historical artifact, this work might contain missing or blurred pages, poor images, errant marks, etc.
