Love it! 500 books Great to stack up on a finish table. Love the little photos in the top corner, makes it easy to flip through for suggestions. Love it!. I have 24 books of the 500 Series cookbooks. I'd not buy it again. I have 24 books of the 500 . Cute square hard covers. I bought several used on amazon.. Five Stars Lots of details you don't enter other sushi books! Not what I expected The book had too many fancy dishes and not enough basic info. Photos were good. Please make a 500 sauces would be really great!.
