## CRYPTO JEWS/ANUSIM: Their Flight and Fight

[continue reading](#)

This book describes the similarities and differences between Jews and Crypto (hidden) Jews. It speaks to the center of both Jews and Christians' attitude and function in the lives of today's Crypto Jews. It describes their ageless flight and suffering along with their present day illustrious contributions.

Five Stars I spent come early july reading and researching my heritage. The publication is 46 pages long, more like a pamphlet than a book. Sanchez 's function. similar to a pamphlet than a book Very disappointing. Five Stars THE BEST I plan to browse more of Dr. The writer starts out with facts and then goes off into what sounds like fantasy to me. I would never recommend this book for serious study. Three Stars Enjoyed the background/ background. I am very thinking about locating my French Canadian Jewish roots and thought this book may be helpful.
