Upon coming to his university office one morning, Jack MacKay finds the body of a former boyfriend of his wife, Fiona, lying on his desk with a bullet hole in his back. They find out that the computer theft of bitcoins is definitely in some way involved in the death. Ultimately, Jack and Fiona overcame the police's suspicion that Jack was involved in the murder. The murdered guy was Billy Bell, the owner of the Bell Bond Business and a previous professional football player. --This text refers to the Paperback edition. As well as Billy's wife, who's nicknamed Hercules due to her great physical power, they eventually stumble over the unlikely killer.
