Over Exposure

Hackers bring down the electrical grid. Who are they? What perform they want? Homegrown terrorists? Foreign enemies? As the President and his cabinet struggle to uncover and lower the hackers, FBI Brokers Andrea Mitchell and Allesandro Alvarez synergy with Detective Janelle Yakamoto and Agent Marvin Chambers to unravel the mystery from underneath up. America finds itself embroiled in a ongoing cyber battle that threatens to crash the overall economy and the government.

continue reading

Love an excellent mystery Boy do I really like an excellent mystery. I'm excited to see where in fact the next publication, (hoping there exists a next one) will proceed. It could stand only, but I like that it's a sequel. That one is excellent.
