Solid Beginner's Instruction to Altcoin Investing! Only gave this 4 stars because i wish it it had been more than a quick guideline, sorry author. GLD is the ticker symbol and Goldcoin is the currency's name. The just errors I found were in a few references to Goldcoin (one word) as GLD Coin. Maybe my mind changes with this one as I was able, and incredibly ready for even more. This would be a 5 star book all the way with this correction. Looking towards reading more from this talented Aussie investor. Maybe I am addicted to this. Similarly, BTC can be a ticker symbol

and Bitcoin is the currency's name. Could very easily have kept reading, but it is definitely what it states, an instant guide, basic intro. Good STARTING PLACE for Wannabe Investors like Myself Excellent basic level book without BS and right to the idea, which is good as We hate fluff filler in 'how to' books. Highly recommended. Have read it several times and now have minimal purchase in Digital Currency which was my initial objective. Other good titles out there also, but this is a good starter. Superb introduction to the art of altcoin investing. Oh well 5 celebrities it is...
