#Cryptocurrencies For Teens: Join the Revolution

[continue reading](#)

This book is for Teens and Young Adults interested in the explosive world currency market.

[continue reading](#)

This book is only a list of ticker symbols for coins. I usually don't give 1 star reviews, but this is the worst book ever and the price is \$10. It wasn't worth the authors period to create the reserve. Then entire book is only the report on symbols for coins. I will be returning. Terrible book and waste of cash.
