Black & White on Light Paper Version Because the inception of Bitcoin in 2008, thousands of cryptocurrencies or decentralised blockchains have already been launched. After the preliminary four founders left with nearly all ICO money, David Zimbeck, and other eager investors, were committed to make BitBay an excellent success. Nevertheless, there are currently hundreds of crypto related projects which are succeeding. A team of trusted folks are in charge of its wellbeing. It was launched on the 10th November 2014. Since that time, there have been challenges which have been overcome. Most ventures in to the crypto sphere have not gone to program as their founders could have hoped. This book covers the history of BitBay, an open-supply, publicly distributed cryptocurrency.
