Very good read Another similar book to this one was amazing, so I picked up that one as well. It tackles here advantages and disadvantages which is good! This is a good and informative book of Trading and Investing This is a nice and informative book of Trading and Trading. It's a great idea to obtain a base of understanding of this subject since it's becoming a lot more mainstream as time goes on. It contains valuable details that investor ought to know. This book gives an excellent opportunity to learn about the fundamentals of crypto currency and how that technology is certainly starting to change how we invest and purchase things online.
