**#1 Amazon Hot New Release (June 6th).** Jong had to rely on his exceptional fortune, incredible courage and loyalties of his close friends once again to discover his cousin and retrieve the missing hundreds of thousands.s largest cryptocurrency trading platform and the 6th largest cryptocurrency in the globe, the novel Shanghai Clowns tells the tale of a, talented programmer Jong He who plunged into the mysterious and dark globe of cryptocurrency and blockchain systems because of a family pet cryptocurrency he created while a tale to mock the ICO speculative madness happening around the world. Little did he know his invention will be quickly followed and became the latest fad of the city, got backed by worldwide banks, helped create the world's first cryptocurrency Billionaire, and even attracted adoption from a slew of criminals including South American counterfeit medication cartel and anonymous Eurasian hackers slash Robbin-hoods. Could Jong be successful, or would he become sacrificed and fade into obscurity in the most recent, fiercest combat of the century on the digital realm for the type of fresh digital gold and the energy to regulate key businesses and also governments all over the world? The action-packed fiction told in first person perspective follows Jong He, a highly intelligent but socially awkward Chinese programmer and his friends around the monetary capital of the country in the cat-and-mouse chase of the biggest cryptocurrency heist of our period.s other sketchy business companions were reluctant to tell him anything and law-enforcement was grossly unfamiliar with these new types of financial instruments to look out of the solid plot of deception before them. Occur Shanghai, China, the home of the world's For the time being, his cousin Cao acquired disappeared because of financial issues at his organization that offered ill-designed cryptocurrency funds of debatable legitimacy and his partner was found dead in the office after a client lost a huge amount of investments passing through their hands. His cousin's

Love it This book is fantastic. The subject matter is pertinent since crypto currency is actually popular and likely to continue gaining popularity. It's filled with action and the story line is really good as well. I never could have thought that a reserve about this subject material could be so interesting, but they succeeded in that.
