Hidden from the eyes of mankind they lurk in the shadows. "For the best creepy adventures, the Crypto-Critters series has got it all! These are the tales of cryptozoology, the analysis of hidden and unidentified animals. Brave women and men seek out these unfamiliar creatures in a seek out truth that is muddled in legends and folklore-scoffed at by contemporary science. These are the best players on the field today, which explains why Bruce Gehweiler and Padwolf have got gathered them collectively as the just group with a potential for topping the first volume in this already illustrious series. Live the adventures! Breathe the scent of fear!]. Join him and other highly-decorated writers like C. Run for your lives as award-earning editor Bruce Gehweiler brings you quantity II of the Crypto-Critters anthology series! Henderson-the staggering talent behind the Teddy London supernatural mystery series: Jeffrey Thomas-the legendary creator of Punktown: James Chambers-the mastermind in control of The Midnight Hour series; Scott Thomas-current king of the brief story: Graham Watkins-observed zoologist and associate of the J.B. Rhine Parapsychology Laboratories: Patrick Thomas-grasp of multiple series and creator of the beloved Murphy's Lore novels: Diane Raetz-grand mistress of the macabre: and last, but never least, John Sunseri-the most popular new writer since Stephen King! Living dinosaurs terrorize whole villages, hairy hominids defy logic, a beast tied to the heart of man, a full time income fossil hunts the frozen tundra of Siberia, large amphibians dominate a swamp and bring loss of life to any who arrive near, alien airborne octopi trap their prey from above, el chupacabra infests a central American village, offshoots of humanity itself, creatures created from our own hidden psychic powers, and more! In remote parts of our world they survive the duration of time."-Wayne Evans, Spine Tingling Evaluations "Strange and engaging fictional tales of cryptozoology-the pseudo-science of monster hunting-a fun read indeed!-Doug Fernbank, Paleontologist
