Money Power: A Force for Freedom or Slavery?

[continue reading](#)

Based on a thesis in Åbo Akademi University, Cash Power: A Force for Independence or Slavery?

Third, it illuminates possibilities for choice monetary systems as opposed to the current monolithic monetary tradition. Its primary argument is groundbreaking in several regards. Initial, it presents innovative perspectives on cash as an over-all phenomenon. The written text flows easily and at times has the feel of reading a detective novel., is definitely a bold and primary contribution to a field which is commonly misperceived as nearly self-obvious and unproblematic within mainstream economics. The publication is written in a remarkable style, especially given that economic research is pervaded by some of the oldest & most conventional vocabularies found within any field. Second, it exposes the hidden realm of the banking sector.
