## Hidden Shabbat: The Secret Lives of Crypto-Jews

[continue reading](#)

Hidden Shabbat can be an epic story of the ladies and families who kept alive their Jewish identity in the mountains of New Mexico for centuries when it was illegal at first and later on socially unacceptable to be Jewish. Drawing from accounts in her own family members Medina Sandoval recreates the lives that her ancestors resided. Her passion on her behalf heritage can be unmatched in New Mexico literature. Hidden Shabbat can be a sequel to her previous traditional novel, Guardians of Hidden Traditions (2009), which was a finalist for Greatest Book in the New Mexico Reserve Awards. This book is certainly a masterpiece of scholarship and literature. Her passionate writing captures the past and present-day Crypto-Jewish struggle with anguish, pride, and secrecy. Isabelle Medina Sandoval skillfully threads the untold cabalistic histories of many generations with the artistry of storytelling to reveal the secret Jewish-Hispanic tapestry that is rightfully component of New Mexico background. Daniel Diaz-Huerta, Executive Director New Mexico Center for Crypto-Judaic Studies & Tradition Ultimately, Sandoval shares the vulnerability in addition to courage of the present, and the optimism that the cabalistic light will shine brighter later on.
