- How would the existing businesses be impacted and integrated with this new Technology? - How would Blockchain Technology impact your day to day lives of common people? My book can be an attempt to understand and look Blockchain Technology beyond investing! **BLOCKCHAIN TECHNOLOGY BEYOND BITCOIN INVESTING.....** Larry Summers (US Past Treasury Secretary) once exclaimed, "40 years from today, Blockchain and all that adopted from it will figure more prominently for the reason that story than will Bitcoin." The majority of the discussions or information is about Bitcoin trading and its implications on Fintech sector. - How could the federal government leverage the Blockchain Technology to boost the provider delivery? But what if you have significantly more in-depth curiosity like:

- The way the current Businesses and Careers will be transformed? - What exactly are the various other sectors where this Technology have already been Implemented? The response to these questions would pave just how for your future research of this issue. It would also enable you to stay prior to the competition by learning the relevant applications of Blockchain Technology. This is the essence of my interest and research in Blockchain Technology.
