Will slow down any kind of confusion You have on the subject of Cryptocurrencies I read this publication in 2times!. As a newbie in the Cryptocurrency trade I could get my feet wet and begin to learn and understand a little more about it. The article writer offers some very sound advice on how to begin to purchase this still very brand-new market. I would recommend giving this book a try, the price of \$2. Good source of information for a novice crypto investor. Excellent"Crypto for Newbies" Guide I think this book was written in easy to understand language and it provides a good foundation for understanding Cryptocurrency generally. Because of this book I could open my 1st exchange account with Coinbase and make my first \$100 investment. Large amount of helpful info on this topic. All in all, I think anyone thinking about Cryptocurrency, but little or no knowledge about them, can learn a lot from this book. Great book for beginners Great simple overview for beginners. Helpful for newbies wanting to learn the essential terminology, function and usage of the cryptocurrency / blockchain technology. A quick easy read in extremely understandable terms. You can get all the info on the internet in 5 minutes time.. Good book on cryptocurrency Good book about cryptocurrency. I gave this reserve a 4 out of 5 stars just because I would've liked more info on storing these currencies, plus some more tips for this. This reserve will show you a step by step process how you can buy, sell and profit from cryptocurrency Great intro for the newbie. I'm a complete noob to crypto and I really enjoyed this publication. It clarified a lot of things for me. Great read and incredibly well written Very informative from a to z, Great read and very well written. I would totally recommend this to anyone trying to get their feet wet in this movement to online currency Four Stars give all of us insight what crypto is certainly. Great for starters. Readable and understand. Good read.99 is nothing when compared to knowledge You will gain from reading this. I program to read the book multiple occasions to really understand its content. This book is a very general view of cryptocurrency. It isn't worth the money. It had been very informative, readable and adhere to and it was not really talking over my mind. Very informative, detailed and quite useful in a confusing Crazy, Wild West World of Crypto's. This book is a very general view of cryptocurrency. . Great read It is one of the best written Cryptocurrency books. Not worth the money. One phrase review :RIPOFF. Great Primary Learning Guide This is a great primary for learning about Cryptocurrencies. Only the very most elementary information in the publication, 5 minutes on the web will yield the same info. Both thumbs down. It has 111 pages of large print with hardly any help with how you can make money trading. Very informative and explains factors very well for a beginner. One Star The book is a tale
