Komodo - Fuel the SuperNET (A Concise Komodo History Book)

Part of the general SuperNET System, Komodo was announced to the cryptocurrency community via an online discussion board called Bitcointalk. It used privacy technology from Zcash and developed a forward thinking delayed proof work (dPoW) consensus system. This book covers a concise chronological KMD history from the very first September 2016 to the 1st September 2017. An ICO (Initial Coin Offering) occurred in October/November 2016 to be able to raise funds to secure advancement well in to the future.
