Hodlers' Handbook: A Cryptocurrency Investing Mememoir

[continue reading](#)

This mememoir covers common cryptocurrency related definitions and trading strategies based on market conditions.. That is an excellent gag gift for those who enjoy jokes. Before taking into consideration any investment one should conduct their own due diligence. Disclaimer: This publication includes the authors' opinions which should not be looked at investment advice. Young lady expertly summarize a complicated topic, offering both novice investors and seasoned experts insight unavailable elsewhere. This might include, and is not limited to, seeing Tax, Financial, and Regulatory experts to determine if any investment is right for you. Lumen & Cleve R. Better still gift for a "severe monetary professional".. In "Holders' Handbook", Stella R.
