Three Stars weak about content but good for a college student. Thanks author for sharing this book to us.! This book is a thorough guidebook on Blockchain. Appreciating content. By reading this book I learned many important things from this guide. Three Stars This book is similar to a introduction to blockchain rather than a real "technology explained" Good One ! Loving content This is a great learning book on blockchain technology. Providing proven ideas and guidelines. Recommended. Appreciating content material. Great informative book. Good read I learned a lot from this book. I suggest it for anyone looking to find out about blockchain. The publication was useful for me and I learned a lot. Newbies will surely appreciate this one because of clear and extensive writing style. All the best reading 5 Star A comprehensive guide here in Blockchain.
