The Work of Fumito Ueda

An emblematic question that is fueling debates for a long time, the question of the artistic essence of video games is still debated today.Among the games that fuel the debate, a trilogy stands out especially, signed by japan programmer Fumito Ueda whose approach to creation -propose something that did not exist elsewhere - has inhabited the producing of every of its productions: ICO, Shadow of the Colossus and The Last Guardian. If it appears essential for the acknowledgement of the cultural worth of the moderate, this subject actually creak many teeth.
