This book constitutes the thoroughly refereed post-conference proceedings of the 17th International Conference on Financial Cryptography and Data Security (FC 2013), held at Bankoku Shinryokan Busena Terrace Beach Resort, Okinawa, Japan, April 1-5, 2013. The papers are grouped in the following topical sections: electronic payment (Bitcoin), usability elements, secure computation, passwords, personal privacy primitives and non-repudiation, anonymity, hardware security, secure computation and magic formula sharing, authentication attacks and countermeasures, personal privacy of data and communication, and personal data retrieval. The 14 revised complete papers and 17 brief papers were cautiously selected and examined from 125 submissions.
