Study Paper (postgraduate) from the year 2017 in the subject Mathematics - Miscellaneous, quality: -, University of Delhi (Shivaji College, University of Delhi, Raja Garden, Delhi), language: English, abstract: In the paper some paradoxes of imaginary device i have already been propounded. The properties found in the paper are more advanced compared to the previous ones. It's been proved that the imaginary figures cannot be imagined within the group of real figures. Before concluding the paper one open up problem has been offered for further study. The representation of imaginary amounts (when possible) lie beyond the set of real amounts on real number line, which supports the concept of imaginary and circular number lines.
