This level commences with lessons in 'aqeedah about the implications of imitating others. In addition, it includes a debate about the signs of Allah (swt) which provide proof of His Oneness. The final lessons in this book cover the significance of friends and the danger of bad types. The Seerah lessons cope with the Hijrah and the life span of 'Umar Ibn Al-Khattaab (ra). The most important areas of Jumu'ah Salah, the position of Zakah, and the adhkaar said before sleeping and upon awakening are talked about aswell. Students will learn about wiping over the socks and various other materials such as bandages and plasters. In this grade, learners will recite the 28th Juz' and memorize Soorat Al-Qiyaamah and Soorat Al-Muddaththir. The material is presented, utilizing a spiral strategy, where students revisit each region and research it in greater depth every year. The Student's Textbook provides the subject text of the lessons, exercises along with activities.
