Published on the occasion of the exhibition One particular Zodiac. Juan Navarro Baldeweg at the Museo ICO in Madrid, which was designed and curated by the Spanish architect himself, this monograph follows its conceptual structure as a ring of constellations constituted by the ties set up between the various parts presented. It comprises sketches, plans, versions, collages and photos, and is along with a quantity of his own creative pieces. Aside from the works themselves, the volume includes an in-depth essay by Simon Marchan Fiz. In this way, the architect seeks expressing the means and determination behind a career that spans a lot more than 40 years.
