Bitcoin Manifesto

[continue reading](#)

First annotated and commented edition of the masterpiece of the mysterious Satoshi Nakamoto, inventor of Bitcoin, the digital currency on everyone's lips. Exactly because of this, the present edition can be enriched by a crucial apparatus which should make possible, even for the less tech-savvy reader, to grasp and think about such a key phenomenon of our instances. However, few pointed out that the innovative power of Bitcoin is not strictly financial, but it fundamentally impacts the creation of political consensus, by transforming it right into a technological mechanism.
