New Challenges for Public Administration in the 21st Century, Efficient Civil Service and Decentralized Public Administration (International Institute of Administrative Science Monographs, 4)

[continue reading](#)

This work contains reports of the International Institute of Administrative Sciences. Readers include professionals, scholars and students of public administration. Six workshops are reported upon including the reconstruction of authorities functions, decentralization, redesigning for responsiveness, accountability and risk-taking, special interests and client relationships, reaffirmation of values, and mobilizing learning. A panel on administrative reform in China forms a distinctive contribution. The scientific programme emphasizes a comparative strategy and incorporates significant theoretical and conceptual advancements.
