# Hostile Takeover: Resisting Centralized Government's Stranglehold on America

[continue reading](#)

"Hostile Takeover is essential reading for anyone looking to understand how individual freedom can prevail in a world of decentralized information. Matt Kibbe which book provide us all with a roadmap on how to take back our lives, liberties, and obligations. In Hostile Takeover, Kibbe, co-author of the #1 bestseller Provide Us Liberty, offers a blueprint for " in order to return the country to the more workable program our Founding Fathers originally designed. Glenn BeckMatt Kibbe, the high-profile leader of FreedomWorks—who Geraldo Rivera calls "resisting centralized authorities"—now offers an intelligent, aggressively argued attack on the American authorities machine in Washington, D.C. "a warrior for the cause of limited federal government"s stranglehold on America,"—

Great Read even for Ap Governmemr I picked this reserve on a whim for kindle because I actually needed a book for AP Government in the last minute. The book ended up being much lengthier than I envisioned but the read was worthwhile in the end. I recommend this publication to anyone searching for an attention opening read. Where Government is taking Over An insight to how the government is taking over and trying to support the American people. The federal government will not want us to express our freedoms and be informed so they deal with us like children. The federal government is changing the rules as time passes and imposes new regulations to snuff out detractors. Very Informative! There exists a real have to make appropriate decisions and I personally feel of all the techniques to solutions this would end up being the closes with one caveat . Five Stars by a great american. God gave Adam liberty until he violated (natural law) and God stepped directly into give him the outcomes his decision warranted. Three Stars its ok Four Stars Somewhat long but an excellent read. Liberty carried to the extreme isn't the total answer, people generally tend to go to unwanted with out some form

of personal faith to steer there decisions. If you are getting into Libertarianism this is likely to be your first stop.! Five Stars The truth! Its a great book, I finished it within weekly or two. Five Stars Eye opening to state the least. The way to get back what we've lost I like Matt Kibbe approach to our current political mess . loved it! Learned alot and had trouble laying down the book! One must make the right decision to be content and those decisions corresponds to Gods legislation.
