It really is time for a young man to create his mark in the globe. The world is youthful and civilization is certainly in its violent stage. Adaisdair of Clan Peyton must embark on a hunt to confirm his manhood. The world will end up being a more complicated place than the young Scot could possess ever imagined. He should be bold, courageous, sensible and an easy runner.

Great story This is a short book, yet very enjoyable and fast paced. The author's voice is very engaging and the story is exciting about Adaisdair, a young Scottish boy who is forced to develop up fast and show that he's worthy to end up being called a man. Initially I had to learn the Scottish dialog twice to understand everything, but quickly I got used to it and loved it. A great read for young adults and a relaxing read for adults aswell.
