THE VERY BEST Book for Beginners Written in apparent, concise language, this book explains what Bitcoins are, how they work, and how exactly to mine and utilize them. It is basic more than enough for a newbie. Mining Bitcoins is complicated, and this book does a good work of breaking it right down to actions everyone can follow. I'd have liked even more clearer direction on how to protecting Bitcoins from theft, which is why I gave this book 4 stars instead of 5. Highly recommend. Good introduction to bitcoin Great introduction in the world of bitcoin. If you want to learn about bitcoin and you have no idea what it's about, this is actually the book for you personally. This reserve explains many topics linked to bitcoin, like the future of bitcoin, bitcoin mining and many more Totally recommended We wasn't sure about the book initially, but I took benefit of the free eBook special offer (for one time). There are a lot of blogs online that provide their quick, short, and biased opinion about Bitcoins, and each one talks about a little part about

Bitcoins.!!! finally a book thats super easy to read and understand why crypto currency. I gave it to my buddy, and he is now involved aswell.! Very informative! I'm not used to Bitcoin, so I wasn't sure the place to start, but was happy I discovered this informative information. Well written, concise, and readable, I highly recommend this for a newbie like myself!! I'd seriously recommend this publication.!!If you need a thorough and complete knowledge of Bitcoins and how to apply your knowledge in real life, i quickly would recommend this book.! This book explained what I had a need to do, and put me right into a position to get started mining bitcoins. Im still in disbelief on what much the price of bitcoin has risen and its own perceived value. Thank you Christopher Miles!!!!!! All you want to understand bitcoins! Very Informative Everything I needed to know about bitcoins!! All you need to know to comprehend the world of Bitcoin and how it operates very insightful book! The book has great charts and illustrations and I'd highly recommend this reserve to anybody who is looking to invest in bitcoins!!! Excited to get started! And written so I could understand it.!
