Summary of a summary Not much right here. A couple of minutes of Google search period will get as much or more. This very short guide will only obtain you to the net without information on what an actual bitcoin transaction procedure feels like. Hone up on your computer skills! Nice intro with more suggested reading... Excellent book It helps me to understand the digital currency ecosystem... A good book to gain an understanding of what Bitcoin is about and a solid indication of Digital Currency's that are trying to catch on the the BITCOIN bandwagon. Digital currency introduction A very precise look into digital currencies, the annals, how exactly to purchase and use. I'm finding the whole idea of bit coins very complicated, and easily had been to decide to invest in them, I would need to really improve my computer abilities to do so. Good introduction Nice and easy go through. Short and to the point. It is a

teaser of this whole movement towards decentralized currencies. I'd not advocate this book Never received it. An excellent start to think outside the box. Good introduction Good first time introduction to the topic, worthy of the read for this function I would not recommend this Many of the guarantees in the intro of the book weren't fulfilled. A good start to think outside the box A concise explanation dealing with alternative currency. Seller can eat my ass. Never received it. Seller can eat my ass. One Star Meh This book is quite basic but good if you are new to Bitcoin This book is fairly basic but good in case you are new to Bitcoin. Good overview Great overview and interesting comparisons of Bitcoin and competing crypto-currencies.com One Star I never received the reserve in the mail ? An excellent website for you to start is normally: best-bitcoin-broker. I believe you will have to do further research after reading. A good book to gain a knowledge of what Bitcoin is . There are much more wallets and crypto currencies currently available, but this is a good start to understand the concept.
