The Dawn of Liberty: By 2050, an underground network and economy is thriving built on crypto currencies and a free and open global mesh network. The free wheeling marketplaces and innovative providers are challenging the energy of the condition and their crony companies. But this is proving to become more challenging than anticipated. The condition, resorting to secret laws and mob style techniques, intend to remove this free of charge network and anyone using crypto currencies. The mesh can be resilient, crypto currencies strong, and high tech software and hardware built-in basements all over the world stays one step forward. While crypto groupings are aligned within their goals, and collaborate with the united alliance to build and maintain the global mesh, there is also infighting and power struggles between crypto currencies, crypto currency forks, and between ultra rich large crypto holders. In this third event, The Hunt, the cypherpunks make their rendezvous in shanghai, and get information on the Satoshi and Assange guilds of cryptocurrency. THE BRAND NEW World Order series follows cypher punks on a objective to weaken and undermine an enormous state backed corporation, and further raise the influence of the crypto economy.
