The Dawn of Liberty: By 2050, an underground network and economy is thriving built on crypto currencies and a free and open global mesh network. While crypto groupings are aligned within their goals, and collaborate with the united alliance to build and keep maintaining the global mesh, there is also infighting and power struggles between crypto currencies, crypto currency forks, and between ultra rich huge crypto holders. The condition, resorting to secret laws and mob style methods, intend to remove this free network and anyone using crypto currencies. After the cypherpunks successful remove in Shanghai, the battle lines are redrawn. The mesh is resilient, crypto currencies solid, and hi-tech software and hardware built-in basements all over the world remains one step forward. The free wheeling markets and innovative solutions are challenging the power of the condition and their crony companies. The Old Money series follows the huge state backed corporations and authorities, who control all the major industries with their monopolies and crony laws. They are becoming challenged by the cypherpunks who look for free wheeling online marketplaces. In this final show, The Finale, Jonathan Thwaite is regenerated to business lead CHA Industries again in the fight against the cypherpunks. But that is proving to be more difficult than anticipated.
