Good book for starters I must say i liked this book for its value was free, but still good information. For a novice like me in the wonderful world of digital currencies - cryptocurrencies its an excellent start. Author John McQuilkin clarifies what cryptocurrency is definitely, how to buy and invest in it, how exactly to compute fair ideals, worth trades and exchanges, casinos, mining, bitcoin, dogecoin, litecoin, taxes, therefore much more. If you want for more information about investing in cryptocurrency this is actually the book for you personally. More and better information are available on the web. Investing in Cryptocurrencies Taxes on those Easy to read, short long... The only downside it had been out in Nov 2014, so in the digital globe and technologies - 2-3 years is a long time and things might have changed. keep that in mind. Excellent Guideline to Understanding Buying Cryptocurrency! Cryptocurrency is a wonderful guide to building wealth through investments in cryptocurrency. Fine cover picture but that is it. I came across it here. It covers topics like: What is Cryptocurrency? All my questions have been answered and some. Personally i think confident to go forward with investments. What is Bitcoin? I recommend it! Complete waste of money Complete waste materials of money. How exactly to buy and spend money on Bitcoins Computing For The Intrinsic And Fair Values Of Bitcoins How Much Is The Bitcoin Payment System Worth The Bitcoin Exchange-Traded Fund Bitcoin Casinos, Mining, Dogecoin and Litecoin. I've done some analysis into bitcoin but I wanted a more thorough look at it before I invest. Five Stars nice Four Stars I hope the author update it after couple of years now
