This book constitutes the proceedings of the 16th IFIP International Conference on Distributed Applications and Interoperable Systems, DAIS 2016, held in Heraklion, Crete, Greece, in June 2016. They represent a compelling sample of the state-of-the-artwork in the region of distributed applications and interoperable systems. Cloud processing and services received a large emphasis this season.The 13 papers presented as well as 3 short papers in this volume were carefully reviewed and selected from 34 submissions.
