continue reading

This, the 28th issue of Transactions on Large-Level Data- and Knowledge-Centered Systems, contains expanded and revised versions of six papers presented at the 26th International Meeting on Database- and Expert-Systems Applications, DEXA 2015, kept in Valencia, Spain, in September 2015. Topics protected include efficient graph digesting, machine learning on big data, multistore big data integration, ontology complementing, and the optimization of histograms for the Semantic Internet.
