Penny Press Collector's Series Selected Puzzles Crypto-Families *Volume 55*

Penny Press Selected Puzzles Crypto-Famlies *Volume 55* *New* - That is a collection of a lot more than 300 selected puzzles from the editors of Dell, only obtainable directly from publisher. A Crypto-Families is a list of related terms in a straightforward substitution for the correct one. Each Family members has it's personal code. Hours of great puzzle fun!95 each and we have adjusted the entire price for this also to include reasonable shipping. PLEASE BE AWARE: The retail value of the puzzle books is 7. Whenever a word in the list is correctly identified use the decoded letters to help decode other terms in the Crypto-Family. What in a Crypto -Family list are linked to a single theme or category indicated by it's name. To break the code, search for words with special letter patterns, such as for example repeated or double letters. The example provided is usually a clue to the kind of words to anticipate in the list and can help you guess what some of the terms are. Although shipping cost on multiple orders may appearance high, it really is inclusive of a few of the books prices since Amazon didn't allow us the option of free of charge shipping and we wished to make certain our customers could get these great books.
