Obviously you are a Bitcoin enthusiast like me. I was thus excited to find a 21 Bitcoin computer.

Step by step instructions, pitfalls to deal with, and corrections if required. I made it! In the beginning simply cents each day, but later it got increasingly more. Too many things to be mindful, too many choices and choices to consider. I set up multiple products with the concept of the 21 Bitcoin Computer. Each day I enjoy the achievement it brings me. Achievement? Achievement in Bitcoins. I produced notes, many notes! This book should help you to follow my route. I tried and tried, and failed and failed. A lots of test routines is roofed as well. I am certain you will love the book, as I enjoyed to gather the knowledge with my 21 Bitcoin Computer setups.
