Not Worth The Time I get that the writer is not a native English speaker. Do bad we can not do sensible contracts for books - it could make authors more centered on adding value. It seems more like the writer wanted to capitalize on the issue, make a few bucks, and move on. But this manuscript (I wouldn't call it a reserve - a book at least has been edited) is filled with grammatical errors, bad English, poor context, and really nothing original.
