This book provided the private keys to the bunker, ... This book provided the private keys to the bunker, loaded the hardware wallet and cashed in on the chain splits. Like many other things in life Like many other things in life, I was been lured into bitcoin investing by the mysterious and Asian sounding founder, Satoshi Nakamoto. But LOVE is. I must have read it a dozen occasions and I still discover new and useful insights... Bitcoins might not be real . Done well, Chuck Tingle. Well done. While I quickly moved on from Bitcoin to investing in the modern and better scaling Ethereum and Ripple, and thankfully so, this book had not been so easy to go on from. Another seminal function from the master.
