It's an excellent pick. I am glad I came across it. It is more detailed compared to the previous book I read. This is a perfect guide for me. I perhaps a newbie of Bitcoin but I am captivated by the way it really is used also to worldwide transactions. I tried to consult internet and found an ambiguous description, besides this internet is usually infiltrated with scams so I choose to trust amazon site and books. Bitcoin is the most current development of technology that provides ease and heading beyond deadline compare to bank transactions which are generally limited by office hours.
