Disappointment I brought this reserve thinking I was going to learn some tips and tricks about Bitcoins. Good info, if just a little dated. This book was an enormous disappointment.. It speaks also with examples on the various programs for how to earn Bitcoin. huge disappointment. The writer didn't give much thought to the money making opportunities with Bitcoins. I gave a 4 star rating for readability and clearness of subject. Being a newbie to digital currency, this has terminology and pretty current info on Bitcoin..
