I actually am stunned by this book. It is fascinating ...I am hoping he does several more , in the series , along the same lines! It really is fascinating to see the tale behind the story. Not sure it really is accurate though. We am stunned by this book. This fellow knows his stuff! Great read! thoughtful. It's a brief examine, but he makes some very cogent predictions, based on the science and politics of bitcoin. Politics in the Bitcoin globe? The part about the arriving FedCoin was intruiging. Don't expect a 1000 page borefest -- he's to the idea and quite pithy. Good read Short to the idea good book. I've read it 6 months ago and everything is working out to be truth thoughtful. Not sure it is accurate though. This guy knows his stuff! This is actually the kind of information everyone participating in crypto should have. Great read! For 99 cents you may save or make 1000's.. I still have no idea what things to think and how to react. Brief and interesting.. what? I'm going to follow his lead. Boyd's reserve turned my world ugly. Bitcoin was said to be the decentralized democratic utopia, the truth might not be entirely pretty. I completely enjoyed the quick go through that makes a solid point regarding Bitcoin's fork. Wait.
