Will slow down any confusion You have on the subject of Cryptocurrencies I read this book in 2days! It had been very informative, easy to read and follow and it was not really talking over my mind.. Because of this book I was able to open my 1st exchange accounts with Coinbase and make my 1st \$100 investment. I recommend giving this reserve a try, the cost of \$2.99 is nothing compared to the knowledge You will gain from reading this. Excellent "Crypto for Newbies" Guide I think this reserve was written in easy to comprehend language and it provides a good base for understanding Cryptocurrency in general. An instant easy read in very understandable conditions. I gave this book a 4 out of 5 stars only because I would've loved more information on storing these currencies, plus some more tips for this. This book is a very general view of cryptocurrency. Great for starters. Helpful for newbies wanting to learn the basic terminology, function and usage of the cryptocurrency / blockchain technology. The article writer offers some extremely sound tips on how to begin to invest in this still very fresh market. Good book on cryptocurrency Good book in cryptocurrency. Very helpful, detailed and quite helpful in a confusing Crazy, Wild West Globe of Crypto's. Great Primary Learning Guide This is an excellent primary for learning about Cryptocurrencies. Large amount of helpful information on this topic. Good source of information for a novice crypto investor. I'm a complete noob to crypto and I must say i enjoyed this book. . Great read and incredibly well written Very informative from a to z, Great read and very well written. Only the extremely most elementary information in the publication, 5 minutes on the internet will yield the same info. Great book for beginners Great simple overview for beginners. Readable and understand. Very educational and explains things perfectly for a beginner. This book will highlight a detail by detail process how you can buy, sell and benefit from cryptocurrency Great intro for the newbie. I plan to read the book multiple situations to essentially understand its content. This book is an extremely general view of cryptocurrency. It clarified lots of things for me. As a newbie in the Cryptocurrency trade I was able to get my feet wet and begin to learn and understand a little more about it.. All in all, I think anyone interested in Cryptocurrency, but little if any knowledge about them, can learn a lot from this book. It isn't worth the money. It has 111 pages of large print with very little help with ways to make money trading. Great read It is definitely one of the greatest written Cryptocurrency books. One term review :RIP OFF. You can get all the info on the internet in five minutes time. I'd totally recommend this to anyone trying to get their foot wet in this motion to online currency Four Stars give all of us insight what crypto is. Both thumbs down. Not really worth the money. Good read. One Star The book is a tale
