Worth the read. Never to degrade the Internet as a way to accomplish more knowledge, certainly, but I found it much easier to learn about mining with the basics of it currently anchored in my own mind. Easy to check out and definitely accessible to the layperson. Right now, I'm supporting the entire blockchain and cryptocurrency community as well. A brief yet sufficiently encompassing guideline on how to get started doing cryptocurrency mining. All in all this reserve gave me a great understanding and guidelines how to be a miner. I very much appreciated having the ability to read a single coherent, well-researched guide as opposed to facing the abundance of complicated and not necessarily beginner-level information found all over the Internet. Lets make the world better together. Thanks a lot for a great job Edward.
